## WORK EXPERIENCE

---

**Web Developer (Self-Employed)** – Most recent client: **Strictly Nails** Jan. 2021 – Present  
Jersey City, NJ

- Developed an informational booking site using HTML/CSS, JavaScript, Express, and Node.js.
- Evaluated client requirements and wove them into the site while taking into account industry-wide technology trends and best practices.
- Established general design strategies and market research in order to attract and keep users on the page while constructing the front end.

**Noemi's Specialty Catering** Dec. 2018 – Dec. 2019  
**Information Technology Support Specialist** Belleville, NJ

- Collaborated with managers to set up computers used in-office.
- Assessed and troubleshooted computer problems brought by employees, users, and business owner.
- Maintained the upkeep of computers, printers, and other equipment.

## EDUCATION

---

**Pennsylvania State University** University Park, PA  
*Bachelor of Science in Labor Relations (LERBS)* Aug. 2016 - May. 2020

- Magna cum laude; 3.7/4.0 GPA
- Dean's List Honoree Fall 2017 and Spring 2020
- Intervarsity Volleyball; 2016 - 2020

## PROJECTS

---

**CampFinder** – *Node.js, JavaScript, HTML/CSS, Express.js, MongoDB* Mar. 2021 – Jul. 2021

- Developed a full-stack web application with Node.js and JS, using Express serving a REST API with vanilla HTML/CSS serving as the front end.
- Implemented MongoDB as the database to hold the user's information such as passwords, usernames, emails, and more.
- Used Heroku Cloud as the platform to deploy my web app.

**Tenzies Dice** – *React, JavaScript, HTML/CSS* Sept. 2022 – Oct. 2022

- Developed a fun web app using React as the front end, along with JavaScript, HTML, CSS.
- Implemented advanced CSS/SASS techniques in order to practice more front end skills with the background of the application.
